# **INDEPENDENT AUDITOR'S REPORT**

# TO THE MEMBERS OF ZYDUS PHARMACEUTICALS LIMITED [Formerly known as ALIDAC HEALTHCARE LIMITED]

### **Report on the Audit of the Financial Statements**

# Opinion

We have audited the accompanying financial statements of **ZYDUS PHARMACEUTICALS LIMITED** [Formerly known as ALIDAC HEALTHCARE LIMITED] ("the Company"), which comprise the balance sheet as at 31<sup>st</sup> March 2021, the statement of Profit and Loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (herein after referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31<sup>st</sup> March, 2021, its loss, total comprehensive income and changes in equity and its cash flows for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the financial statements.

# Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and

maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

# Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b) Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit

matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

# **Report on Other Legal and Regulatory Requirements**

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.
- e) On the basis of the written representations received from the directors as on 31<sup>st</sup> March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31<sup>st</sup> March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, no remuneration paid by the Company to its directors during the year.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - i. The Company does not have any pending litigations which would impact its financial position.
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

# "Annexure A" referred to in the Independent Auditors' Report of even date to the members of ZYDUS PHARMACEUTICALS LIMITED [Formerly known as ALIDAC HEALTHCARE LIMITED] on the Financial Statements for the year ended 31<sup>st</sup> March, 2021.

Based on the audit procedures performed for the purpose of reporting a true and fair view on the financial statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, we report that:

- 1. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
  - (b) Some of the fixed assets were physically verified during the year by the management in accordance with programme of verification, which in our opinion provides for physical verification of all the fixed assets at reasonable intervals. According to the information and explanations given to us no material discrepancies were noticed on such verification. In our opinion, the frequency of verification of the fixed assets is reasonable having regard to the size of the Company and the nature of its assets.
  - (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company. In respect of immoveable properties taken on lease and disclosed as right-of-use-assets in the financial statements, the lease agreements are in the name of the Company.
- 2. The Company does not deal in any inventory hence this clause is not applicable to the Company for the year under review.
- 3. The Company has not granted any loan, secured or unsecured, to the companies, firms or other parties covered in the register maintained under section 189 of the Companies Act, 2013.
- 4. In our opinion and according to the information and explanations given to us, the Company has not given any loans, guarantees or security or made any investments to which provisions of section 185 and 186 of the Act is applicable, and accordingly paragraph 3 (iv) of the Order is not applicable to the Company.
- 5. According to the information and explanation given to us, the Company has not accepted any deposit from the Public within the meaning of the provisions of section 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the rules framed thereunder. Further, we are informed that no order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any other Court or Tribunal, in this regard.
- 6. In absence of any manufacturing activity carried out by the company, the requirement of maintenance of cost records under sub section 1 of section 148 of the Companies Act, 2013 are not applicable to the Company during the year under audit.
- 7. (a) According to the information and explanations given to us and on the basis of our examination of the books of account, the company has been generally regular in depositing the amount deducted / accrued in the books of account of the company in respect of undisputed statutory dues including Provident Fund, Employees' State Insurance, Income-tax, Goods and Services tax, Custom duty, Cess and any other material statutory dues, wherever payable have been paid during the year with the appropriate authorities. Moreover, as at 31<sup>st</sup> March, 2021, there are no such undisputed dues payable for a period of more than six months from the date they became payable.
  - (b) According to the information and explanations given to us, there is no due under dispute for the Income Tax, Sales Tax, Value added Tax, Excise Duty and Service Tax, GST and other material statutory dues as at 31st March, 2021.
- 8. In our opinion and according to the information and explanations given to us and on the basis of our examination of the books of account, the Company has not defaulted in repayment of loans or borrowings from any financial institution, banks, government or due to debenture holders during the year.

- 9. The Company did not raise any money by way of initial public offer or further public offer (including debt instruments). The Company has not availed any term loans during the year.
- 10. According to the information and explanations given to us, no fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit.
- 11. According to the information and explanations given to us and on the basis of our examination of the books of account, no managerial remuneration has been paid or provided by the Company during the year.
- 12. In our opinion and according to the information and explanations given to us, the Company is not a nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable to the Company.
- 13. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with section 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- 14. According to the information and explanations give to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year.
- 15. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable to the Company.
- 16. In our opinion and according to the information & explanation given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

# "ANNEXURE B" TO THE AUDITORS' REPORT

# Report on the Internal Financial Control clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **ZYDUS PHARMACEUTICALS LIMITED** [Formerly known as ALIDAC HEALTHCARE LIMITED] ("the company") as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

# Management Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial control based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India [ICAI]. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

## Auditors' Responsibility

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's Judgment, including the assessment of the material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

# Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- 1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- 3. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

# Inherent limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

# Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

#### Note: 1-Company overview:

Zydus Pharmaceuticals Limited [ formerly known as Alidac Healthcare Limited ] [ hereinafter " the company " ], a Company limited by shares, was incorporated in India on December 26, 2019 in the name of Alidac Healthcare Limited. Subsequently its name changed on January 24, 2020 from Alidac Healthcare Limited to Zydus Pharmaceuticals Limited. The Company is engaged in the manufacturing of Pharmaceutical products. The registered office of the Company is located at Zydus Corpotate Park, Scheme No 63, Survey No 536, khoraj [Gandhinagar], Nr Vaishnodevi Circle, S.G. Highway, Ahmedabad -382481 These financial statements were authorised for issue in accordance with a resolution passed by the Board of Directors at their meeting held on April 27, 2021

#### Note: 2-Significant Accounting Policies:

A The following note provides list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented unless otherwise stated.

#### 1 Basis of preparation:

A The financial statements are in compliance with the Indian Accounting Standards [Ind AS] notified under the Companies [Indian Accounting Standards] Rules, 2015, as amended and other relevant provisions of the Companies Act, 2013.

#### 2 Use of Estimates:

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of income and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments are provided below. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

#### Critical accounting judgments and estimates:

#### A Property, Plant and Equipment:

Property, Plant and Equipment represent a large proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. Management reviews the residual values, useful lives and methods of depreciation of Property, Plant and Equipment at each reporting period end and any revision to these is recognised prospectively in current and future periods. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their lives, such as changes in technology.

#### B Impairment of property, plant and equipment, goodwill and investments:

Significant judgments are involved in determining the estimated future cash flows from the Investments, Property, Plant and Equipment and Goodwill to determine their value in use to assess whether there is any impairment in their carrying amounts as reflected in the financials.

#### C Taxes on Income:

Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid/ recovered for uncertain tax positions and probability of utilisation of Minimum Alternate Tax [MAT] Credit in future.

#### D Contingent liabilities:

Significant judgments are involved in determining whether there is a possible obligation, that may, but probably will not require an outflow of resources.

#### 3 Foreign Currency Transactions:

- The Company's financial statements are presented in Indian Rupees [INR], which is the functional and presentation currency.
- A The transactions in foreign currencies are translated into functional currency at the rates of exchange prevailing on the dates of transactions.
- **B** Foreign Exchange gains and losses resulting from settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the year end exchange rates are recognised in the Statement of Profit and Loss.
- **C** Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the Statement of Profit and Loss within finance costs. All the other foreign exchange gains and losses are presented in the Statement of Profit and Loss on a net basis.

#### 4 Revenue Recognition:

A The Company has applied Ind AS 115 - Revenue from Contracts with Customers. The following is the significant accounting policy related to revenue recognition under Ind AS 115.

#### a Sale of Goods:

Revenue from the sale of goods is recognized as revenue on the basis of customer contracts and the performance obligations contained therein. Revenue is recognised at a point in time when the control of goods or services is transferred to a customer. Control lies with the customer if the customer can independently determine the use of and consume the benefit derived from a product or service. Revenues from product deliveries are recognised at a point in time based on an overall assessment of the existence of a right to payment, the allocation of ownership rights, the transfer of significant risks and rewards and acceptance by the customer.

The goods are often sold with volume discounts/ pricing incentives and customers have a right to return damaged or expired products. Revenue from sales is based on the price in the sales contracts, net of discounts, sales tax/ Goods and Services Tax [GST]. When a performance obligation is satisfied, Revenue is recognised with the amount of the transaction price [excluding estimates of variable consideration] that is allocated to that performance obligation. Historical experience, specific contractual terms and future expectations of sales returns are used to estimate and provide for damage or expiry claims. No element of financing is deemed present as the sales are made with the normal credit terms as per prevalent trade practice and credit policy followed by the Company.

<u>. </u>	-31g		ant Accounting Policies-Continued:
		L.	
		D	Service Income:
			Service income is recognised as per the terms of contracts with the customers when the related services are performed as per the stage
	_		of completion or on the achievement of agreed milestones and are net of indirect taxes, wherever applicable.
	С	The	specific recognition criteria described below must also be met before revenue is recognised:
		а	Interest Income:
			For all debt instruments measured at amortised cost, interest income is recorded using the effective interest rate [EIR]. EIR is the rate
			that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter
			period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When
			calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the
			financial instrument but does not consider the expected credit losses.
		b	Other Income:
			Other income is recognised when no significant uncertainty as to its determination or realisation exists.
	Tax		n Income:
	IUA		expenses comprise of current and deferred tax.
			rent Tax:
	~		
		a	Current tax is measured at the amount expected to be paid on the basis of reliefs and deductions available in accordance with
			the provisions of the Income Tax Act, 1961. The tax rates and tax laws used to compute the amount are those that are
			enacted or substantively enacted, at the reporting date.
	-		Current tax items are recognised in co-relation to the underlying transaction either Profit or Loss, OCI or directly in equity.
	В		erred Tax:
		а	Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and
			their carrying amounts for financial reporting purposes at the reporting date.
		b	Deferred tax liabilities are recognised for all taxable temporary differences.
		с	Deferred tax assets are recognised for all deductible temporary differences including the carry forward of unused tax losses. Deferred tax
			assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary
			differences, the carry forward of unused tax credits and unused tax losses can be utilized.
		d	The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer
			probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognised
			deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that
			future taxable profits will allow the deferred tax asset to be recovered.
		~	·
		е	Deferred tax assets and liabilities are measured at the tax rates [and tax laws] that have been enacted or substantively enacted at the
			reporting date and are expected to apply in the year when the asset is realised or the liability is settled.
		T	Deferred tax items are recognised in co-relation to the underlying transaction either in profit or loss, OCI or directly in equity.
		g	Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against
	_		current tax liabilities.
		•	/, Plant and Equipment:
	Α		verty, Plant and Equipment are stated at historical cost of acquisition/ construction less accumulated depreciation and impairment loss.
		Hist	prical cost [Net of Input tax credit received/ receivable] includes related expenditure and pre-operative & project expenses for the period up
		to c	ompletion of construction/ assets are ready for its intended use, if the recognition criteria are met and the present value of the expected cost
		for t	he decommissioning of an asset after its use is included in the cost of the respective asset, if the recognition criteria for a provision are met.
		Sub	sequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that
		futu	re economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount
			ny component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance costs are charged to the
			ment of profit and loss during the reporting period in which they are incurred, unless they meet the recognition criteria for capitalisation
			er Property, Plant and Equipment.
	в		re components of an asset are significant in value in relation to the total value of the asset as a whole, and they have substantially different
			nomic lives as compared to principal item of the asset, they are recognised separately as independent items and are depreciated over their
	~		nated economic useful lives.
	C		reciation on tangible assets is provided on "straight line method" based on the useful lives as prescribed under Schedule II of the Companies
			2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the
			ts are likely to be used. However, management reviews the residual values, useful lives and methods of depreciation of Property, Plant and
		Equi	pment at each reporting period end and any revision to these is recognised prospectively in current and future periods.
	D	Dep	reciation on impaired assets is calculated on its reduced value, if any, on a systematic basis over its remaining useful life.
	Е	Dep	reciation on additions/ disposals of the fixed assets during the year is provided on pro-rata basis according to the period during which assets
		-	used.
	F		ere the actual cost of purchase of an asset is below INR 10,000/-, the depreciation is provided @ 100%.
			tal work in progress is stated at cost less accumulated impairment loss, if any. During the years the company was engaged into construction
			se and the company has capitalized all the expenditure which are directly or indirectly or anciliary to the project construction phase as capital
		· .	
	ц		k in progress.
	н		tem of Property, Plant and Equipment and any significant part initially recognised is derecognised upon disposal or when no future economic
			efits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset [calculated as the difference between the disposal proceeds and the carrying amount of the asset] is included in the Statement of profit and loss when the asset is derecognised.

#### Note: 2-Significant Accounting Policies-Continued:

#### 7 Borrowing Costs:

- A Borrowing costs consist of interest and other borrowing costs that are incurred in connection with the borrowing of funds. Other borrowing costs include ancillary charges at the time of acquisition of a financial liability, which is recognised as per EIR method. Borrowing costs also include exchange differences to the extent regarded as an adjustment to the borrowing costs.
- **B** Borrowing costs that are directly attributable to the acquisition/ construction of a qualifying asset are capitalised as part of the cost of such assets, up to the date the assets are ready for their intended use. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

#### 8 Impairment of Assets:

The Property, Plant and Equipment and Intangible assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired. An recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, the assets are grouped at the lowest levels for which there are separately identifiable cash flows which are largely independent of the cash inflows from other assets or groups of assets [cash generating units]. Non-financial assets other than Goodwill that suffered an impairment loss are reviewed for possible reversal of impairment at the end of each reporting period. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

#### 9 Cash and Cash Equivalents:

Cash and Cash equivalents for the purpose of Cash Flow Statement comprise cash and cheques in hand, bank balances, demand deposits with banks where the original maturity is three months or less and other short term highly liquid investments.

#### 10 Leases:

The Company has adopted Ind AS 116 "Leases" which is effective for an annual period beginning on or after from April 1, 2019. The following is the significant accounting policy related to Ind AS 116.

#### As a lessee:

For any new contracts entered into on or after April 1 2019, the Company considers whether a contract is, or contains a lease. A lease is defined as 'a contract, or part of a contract, that conveys the right to use an asset [the underlying asset] for a period of time in exchange for consideration'.

#### Measurement and recognition of leases as a lessee:

At lease commencement date, the Company recognises a right-of-use asset and a lease liability on the balance sheet. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Company, an estimate of any costs to dismantle and remove the asset at the end of the lease, and any lease payments made in advance of the lease commencement date [net of any incentives received].

The Company depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Company also assesses the right-of-use asset for impairment when such indicators exist.

At the commencement date, the Company measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the Company's incremental borrowing rate.

Lease payments included in the measurement of the lease liability are made up of fixed payments [including in substance fixed], variable payments based on an index or rate, amounts expected to be payable under a residual value guarantee and payments arising from options reasonably certain to be exercised.

Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is remeasured to reflect any reassessment or modification, or if there are changes to the in-substance fixed payments.

When the lease liability is remeasured, the corresponding adjustment is reflected in the right-of-use asset, or profit and loss if the right-of-use asset is already reduced to zero. The Company has elected to account for short-term leases and leases of low-value assets using the practical expedients. Instead of recognising a right-of-use asset and lease liability, the payments in relation to these are recognised as an expense in profit or loss on a straight-line basis over the lease term.

On the statement of financial position, right-of-use assets have been included in property, plant and equipment and lease liabilities have been included in other financial liabilities.

#### 11 Provisions, Contingent Liabilities and Contingent Assets:

- A Provisions are recognised when the Company has a present obligation as a result of past events and it is probable that the outflow of resources will be required to settle the obligation and in respect of which reliable estimates can be made. A disclosure of contingent liability is made when there is a possible obligation, that may, but probably will not require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision/ disclosure is made. Provisions and contingencies are reviewed at each balance sheet date and adjusted to reflect the correct management estimates. Contingent assets are not recognised but are disclosed separately in financial statements.
- **B** If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability.

#### Note: 2-Significant Accounting Policies-Continued:

# 12 Employee Benefits:

#### A Short term obligations:

Liabilities for wages and salaries, including leave encashment that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured by the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

#### B Long term employee benefits obligations:

#### a Leave Wages and Sick Leave:

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months period after the end of the period in which the employees render the related service.

#### b Defined Contribution Plans - Provident Fund Contribution:

Eligible employees of the Company receive benefits from a provident fund, which is a defined contribution plan. Both the eligible employee and the company make monthly contributions to the provident fund plan equal to a specified percentage of the covered employee's salary. Amounts collected under the provident fund plan are deposited in a government administered provident fund. The company has no further obligation to the plan beyond its monthly contributions. Such contributions are accounted for as defined contribution plans and are recognised as employees benefit expenses when they are due in the statement of profit and loss.

#### 13 Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

#### A Financial Assets:

#### a Initial recognition and measurement:

All financial assets are recognised initially at fair value plus transaction costs, in the case of financial assets not recorded at fair value through profit or loss, that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place [regular way trades] are recognised on the settlement date, i.e., the date that the Company settles to purchase or sell the asset.

#### b Subsequent measurement:

For purposes of subsequent measurement, financial assets are classified in five categories:

#### i Debt instruments at amortised cost:

- A 'debt instrument' is measured at the amortised cost if both the following conditions are met:
- The asset is held with an objective of collecting contractual cash flows
- Contractual terms of the asset give rise on specified dates to cash flows that are "solely payments of principal and interest" [SPPI] on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate [EIR] method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of profit and loss.

### ii Debt instruments at fair value through other comprehensive income [FVTOCI]:

- A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:
  - The asset is held with objectives of both collecting contractual cash flows and selling the financial assets
  - The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the OCI. However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the Statement of Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to Statement of Profit and Loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

#### iii Debt instruments and derivatives at fair value through profit or loss [FVTPL]:

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

Instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss. **c Derecognition:** 

A financial asset [or, where applicable, a part of a financial asset] is primarily derecognised [i.e. removed from the Company's balance sheet] when: i The rights to receive cash flows from the asset have expired, or

ii The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either [a] the Company has transferred substantially all the risks and rewards of the asset, or [b] the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained. When the Company has transferred the risks and rewards of ownership of the financial asset, the same is derecognised.

# ZYDUS PHARMACEUTICALS LIMITED (FORMERLY KNOWN AS ALIDAC HEALTHCARE LIMITED) Note: 2-Significant Accounting Policies-Continued: d Impairment of financial assets: In accordance with Ind AS 109, the Company applies expected credit loss [ECL] model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure: Financial assets that are debt instruments, and are measured at amortised cost i i ii Trade receivables or any contractual right to receive cash or another financial asset iii Financial assets that are debt instruments and are measured as at FVTOCI The Company follows 'simplified approach' for recognition of impairment loss allowance on Point b above. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it requires the Company to recognise the impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive [i.e., all cash shortfalls], discounted at the original EIR. ECL impairment loss allowance [or reversal] is recognized as expense/ income in the Statement of profit and loss. The balance sheet presentation for various financial instruments is described below: Financial assets measured as at amortised cost and contractual revenue receivables: ECL is presented as an allowance , i.e., as an integral part of the measurement of those assets in the balance sheet, which reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount. For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics. **B** Financial Liabilities: Initial recognition and measurement: Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. b Subsequent measurement: Subsequently all financial liabilities are measured as amortised cost, using EIR method. Gains and losses are recognised in Statement of profit and loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of profit and loss. c Derecognition: A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of profit and loss. C Reclassification of financial assets: The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model as per Ind AS 109. D Offsetting of financial instruments: Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

#### Note: 2-Significant Accounting Policies-Continued:

#### 14 Fair Value Measurement:

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- a In the principal market for the asset or liability, or
- b In the absence of a principal market, in the most advantageous market for the asset or liability
- The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- a Level 1 Quoted [unadjusted] market prices in active markets for identical assets or liabilities
- b Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

c Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation [based on the lowest level input that is significant to the fair value measurement as a whole] at the end of each reporting period.

#### 15 Earnings per Share:

Basic earnings per share are calculated by dividing the net profit or loss [excluding other comprehensive income] for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events such as bonus issue, bonus element in a right issue, shares split and reserve share splits [consolidation of shares] that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss [excluding other comprehensive income] for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

#### **B** Standards issued but not yet effective:

The Ministry of Corporate Affairs notifies new standards or amendments to the existing standards. There is no such notification which would have been applicable effective from April 1, 2021.

#### ZYDUS PHARMACEUTICALS LIMITED (FORMERLY KNOWN AS ALIDAC HEALTHCARE LIMITED) Notes to the Financial Statements

#### Note: 22-Financial Instruments: A Fair values hierarchy:

Financial assets and financial liabilities measured at fair value in the statement of financial position are grouped into three Levels of a fair value hierarchy. The three Levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices [unadjusted] in active markets for financial instruments.

Level 2: Inputs other than quoted prices included within Level 1 which are observable for the assets or liabilities, either directly or indirectly.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

# Financial Assets:

The carrying amounts of cash and cash equivalents are considered to be the approximately equal to the fair values.

#### **Financial Liabilities:**

Fair values of loans from related parties, other financial liabilities and trade payables are considered to be approximately equal to the carrying values.

# B Risk Management:

The Company's activities expose it to market risk, liquidity risk and credit risk. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

The Company's risk management is done in close co-ordination with the board of directors and focuses on actively securing the Company's short, medium and long-term cash flows by minimizing the exposure to volatile financial markets. Long-term financial investments are managed to generate lasting returns. The Company does not actively engage in the trading of financial assets for speculative purposes nor does it write options. The most significant financial risks to which the Company is exposed are described below:

#### a Credit risk:

Credit risk arises from the possibility that counter party may not be able to settle its obligations as agreed. The Company is exposed to credit risk from loans and other financial assets. The Company periodically assesses the financial reliability of the counter party taking into account the historical cost.

#### b Liquidity risk:

a Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the business, the Company maintains flexibility in funding by maintaining availability under committed facilities.

b Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which it operates. In addition, the Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

#### ZYDUS PHARMACEUTICALS LIMITED (FORMERLY KNOWN AS ALIDAC HEALTHCARE LIMITED) Notes to the Financial Statements

### Note: 23-Financial Risk Management-Continued: Maturities of financial liabilities:

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for all non-derivative financial liabilities. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

Interest rates	-0.5%	(4,350)	-

## Note: 24-Capital Management:

The Company' s capital management objectives are:

a to ensure the Company's ability to continue as a going concern

b to provide an adequate return to shareholders

c maintain an optimal capital structure to reduce the cost of capital.

Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. This takes into account the subordination levels of the Company's various classes of debt. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

#### Note: 25-Leases:

#### A Relating to statement of financial position:

1 The Company classified leases as operating or finance leases based on its assessment of whether the lease transferred substantially all risk and rewards of ownership of the underlying asset to the Company. Under Ind AS 116, the Company recognises right to use assets and lease liabilities for most leases.

Right of use assets are part of financial statement caption "Property plant and equipment'. Depreciation and impairment is similar to measurement of owned assets.

#### ZYDUS PHARMACEUTICALS LIMITED (FORMERLY KNOWN AS ALIDAC HEALTHCARE LIMITED) Notes to the Financial Statements

# Note: 26-Covid 19 Impact:

The World Health Organisation [WHO] declared Covid-19 to be a global pandemic in March 2020. Majority of the countries across the globe were into full or partial lockdown situation, impacting business operations across various sectors with severe restrictions on movement of people and goods. As the Company has not carried out any business activity during the year ,the company believes that there is negligible impact of Covid- on it's business the times to come.
