

# Cadila Healthcare Limited Investor Presentation

November 2013

# Well integrated pharma player with global footprints

>60 years

**Operational experience** 

20+ mfg. sites

Producing >13 bn pills annually

15,000+ employees

Across the globe, with 1050+ for R&D

**Among top 5** 

Pharmaceutical Companies in India

10<sup>th</sup> largest

Generic co. in US in terms of prescriptions

\$ 1 bn +

**Global Revenues** 

>20% CAGR

In Sales and Net Profits (FY '08 – FY '13)

~ 23% CAGR

In Net Worth (FY '08 – FY '13)

20 brands

Among top 300 brands in India

~ \$ 2.5 bn Market Cap >7% of sales

Spent on R&D annually

1<sup>st</sup> Indian Company

To discover & develop an NCE in-house: Lipaglyn (Saroglitazar)

7 NCE programmes

In pipeline, at various stages of clinical trials

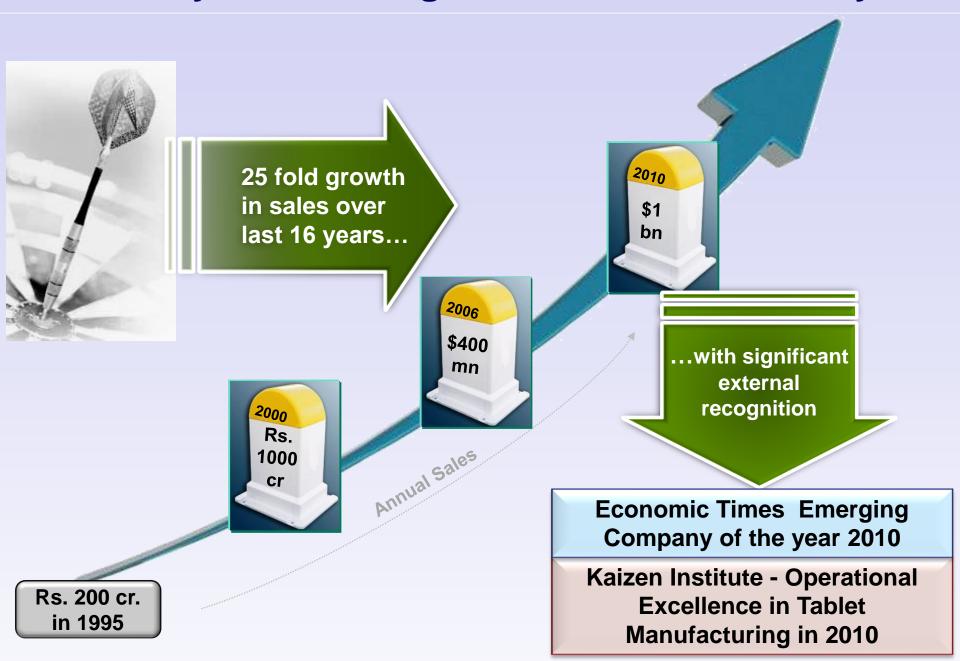

19 Biosimilars

In pipeline, including 2 novel biologics

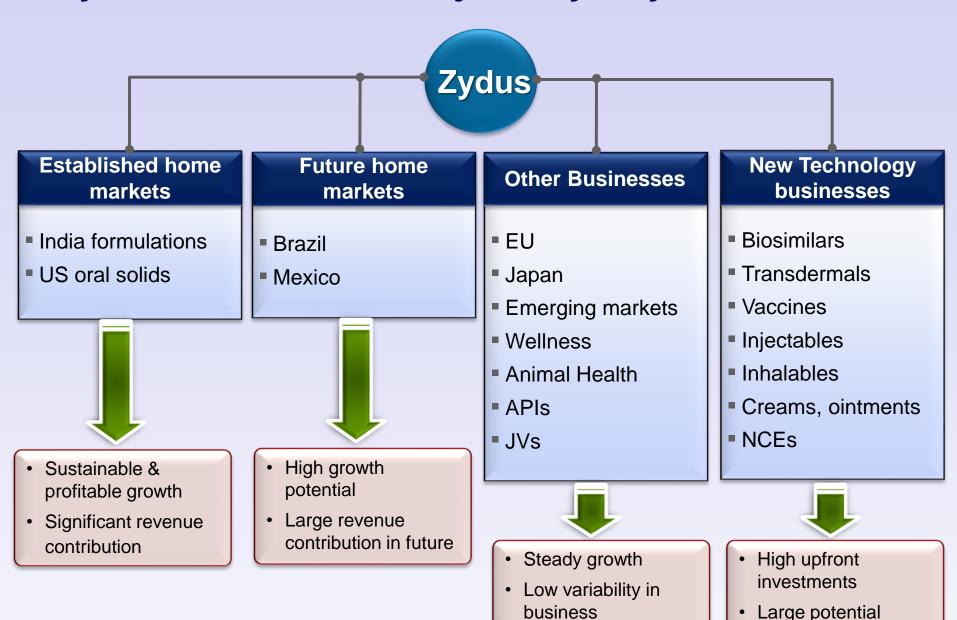

950+ patents

Filed globally

# History of achieving milestones consistently

# Key businesses for our journey Beyond the Billion

performance

upside

# **India formulations**

## **Aspirations**

- Maintain strong leadership position in key areas CVS,
   GI, respiratory, female healthcare
- Continue to be one of the significant contributors to revenues and profits

#### Strengths to be leveraged

- One of the largest market players with leading positions in key therapy areas
- Strong brand equity: 20 brands among top 300 in India
- New product launches: 40+ in H1 13-14 (incl. line extensions), with 9 First-in-India
- Recently launched Lipaglyn (Saroglitazar), the first NCE discovered and developed indigenously by an Indian Pharma company
- In-licensing arrangements with global players

Market size\* : Rs. 720 bn+

Market growth\*: 7%

Zydus size\*\* : Rs. 32 bn+

Market Share\* : **4.5**% Zydus growth\*\* : **16**%

<sup>\*</sup> All market related information sourced from AIOCD AWACS MAT Sep-13

<sup>\*\*</sup> Zydus numbers including Biochem as reported by AIOCD AWACS MAT Sep-13

# **US Oral Solids**

Market size\* : >\$ 50 bn

Market growth\* : 15-17%

Zydus size\*\* : ~ \$ 276 mn

Zydus growth\*\* : 6%

### **Aspirations**

- Be amongst the top 10 generic cos. in US with continued strong focus on customer needs
- One of the significant contributors to revenues and profits

- Among top 3 for 2/3<sup>rd</sup> of the products marketed in US
- Highly efficient service levels, makings us the 'Preferred supplier' for our customers
- Cost competitiveness through continuous improvement in manufacturing processes
- Robust regulatory pipeline, with increasing focus on complex and niche products.
- 150+ ANDA fillings, 70+ approvals and 50+ product launches till September,2013
- Nesher two products already in the market.

<sup>\*</sup> Approx. numbers as per IMS Report

<sup>\*\*</sup> Zydus numbers includes Nesher, as reported in books, for FY 2012-13

# **Brazil**

Market size\* : >\$ 16 bn Market growth\* : 12-14%

Zydus size\*\* : **Rs. 2,384 mn** 

Zydus growth\*\*: -4%

## **Aspirations**

To be among top 15 companies in 2015

- Presence in branded generics and generic generics segments with a continued focus on brand building initiatives
- Local manufacturing site
- Robust product pipeline from India 100+ filings,
   40 approvals
- Focused segments (Branded) female healthcare, hepatology, CNS, CVS and Nutraceuticals
- Product launches : 20+ branded, 15+ generic generics

<sup>\*</sup> Approx. numbers as per IMS Report

<sup>\*\*</sup> Zydus numbers as reported in books for FY 2012-13

# **Mexico**

Market size\* : ~ US\$ 10 bn

Market growth\* : 8-10%

### **Aspirations**

- Build a profitable business in 2015
- 40+ product launches and 60 + fillings by 2015

- Focused segments (Branded) CNS, metabolic disorders and respiratory
- Building product pipeline from India 25+ filings and 6 approvals so far.
- Commenced commercial operations in Q1 FY 14 with the launch of first product in the market from India
- Launched 4 products in the market so far

<sup>\*</sup> Approx. numbers as per IMS Report

# Other Global Markets

### Aspirations: To be amongst the leading players in these generics markets

#### EU

Mkt. Size\*: ~\$ 6.5 bn (France + Spain Gx) Mkt. Gr.: 15-18% Zydus Size \*\*: Rs. 3,697 mn Zydus Gr.: 24%

- 9<sup>th</sup> largest in France, among top 20 in Spain
- Expansion through new products: launched 110+ molecules in France and 80+ molecules in Spain so far (incl. several 'Day 1')
- Leveraging India cost advantage: 160+ new products and 60+ site transfer filings so far, >40% of sales supplied from India

#### Japan

Mkt. Size\*: ~\$ 7 bn
Mkt. Gr.: 8-10%
Zydus Size \*\*:
Rs. 603 mn
Zydus Gr.: 16%

- 25+ products in market, including 15+ in-licensed
- Only Indian pharma company to develop, file and launch products from India
- To expand market coverage with new launches, customer coverage and co-development initiatives

#### **Emerging Mkts.**

Mkt. Size\* : >\$ 13 bn Mkt. Gr. : 12-13% Zydus Size \*\*: Rs. 3,134 mn Zydus Gr. : 66%

- Operations in 8 markets of Asia Pacific and Africa with leadership positions in several of these markets
- Consolidated the Branded Generic business in the key markets of Asia Pacific, Africa and Middle East
- Increased product development activities supported by strong regulatory teams

<sup>\*</sup> Approx. numbers as per GERS Report for Europe, as per IMS for Japan and as per EvaluatePharma for emerging markets

<sup>\*\*</sup> Zydus numbers as reported in books for FY 2012-13

# **Other Businesses**

#### Wellness

Zydus Size \*\*: Rs. 4,100 mn Zydus Gr. : 19%

#### Aspirations: To create niches in wellness space through innovation

- Leadership in sugar substitutes (94%+ market share), peel-off and scrub range for skin-care and margarine categories in India
- Re-launched EverYuth brand with contemporary packaging, improved formulations and new marketing programme
- Launched Nutralite with Omega 3 to strengthen its health positioning

#### **Animal Health**

Zydus Size \*\*: Rs. 2,370 mn (incl. Bremer) Zydus Gr. : 22%

# Aspirations : To be a comprehensive, global animal healthcare provider

- One of India's leading animal healthcare co.
- Wide range of drugs, feed supplements and vaccines for livestock, companion animals and poultry
- Presence in key markets across Europe, South America, Asia and Africa through Bremer Pharma, Germany

#### **APIs**

### Aspirations: To be a 'reliable' service provider to customers

- Backward integration capabilities to meet captive API requirements
- Operations in India, US and select markets of Europe, Latin America, Asia Pacific and Middle East regions
- Continuous endeavour to improve service levels by improving cost competitiveness and continuous process improvement

\*\* Zydus numbers as reported in books for FY 2012-13

# **Joint Ventures and Alliances**

Aspirations: Value creation through win-win alliances and be a partner of choice

#### **Zydus Takeda JV**

- State-of-the-art mfg. facility for APIs of Nycomed
- Commissioned the expanded facility to manufacture complex high-end APIs
- Commenced mfg. and supply of 10 products so far (incl. 4 for validation)

#### **Zydus Hospira JV**

- State-of-the-art cytotoxic facility approved by leading authorities like MHRA, USFDA, TGA, Health Canada
- Commercial supplies commenced for :
   EU (6 products) and US (4 products)
  - Expanded scope of collaboration to cover additional products

#### **Bayer Zydus JV**

- Operates in female healthcare, metabolic disorders, diagnostic imaging, CVS, diabetes and oncology segments in India
- Leveraging strengths of Bayer's optimised product portfolio and Zydus' marketing and distribution capabilities
- JV scope covers launch of innovator products of Bayer

#### **Out-licensing deal with Abbott**

- Licensed 30+ products for ~18 key emerging markets
- Commenced commercial supply of products under the deal and shipped 4 products so far.

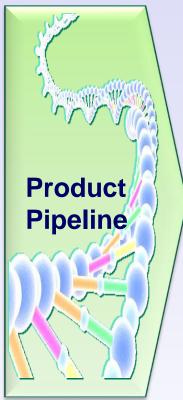

# **Biosimilars**

#### **Aspirations:**

Drive substantial business by 2015 through...

- Marketing in India and emerging markets
- Licensing / co-development for advanced markets

- Dedicated facility for product development and mfg.
- 170+ experienced scientists
- Strong pipeline: 17 biosimilars and 2 novel products
- Strong IP position either through own patent or noninfringing processes

# **New Technologies**

## Aspirations: To be a leading market player in complex technologies

- State-of-the-art product development and manufacturing facility set-up in SEZ near Ahmedabad
- 4 patches already filed with US FDA
- Several other patches under development

- Fully approved Vaccine Technology Center in India with 60+ dedicated scientists
- 1st Indian co. to launch H1N1 vaccine
- Several vaccines under different stages of development
- Dedicated manufacturing capabilities built for several vaccines

## Injectables, Inhalables, Ointments

- Building product pipeline : ANDAs filed with US FDA for
  - 28 injectables (including 19 for a partner) and 5 nasal products
  - 4 ointments
- 8 approvals for injectables so far (7 for partner and 1 for own), commercial production and supply of 6 of them (incl. own product) have commenced

# **NCE** research

Aspirations: Add more NCEs in pipeline to drive towards becoming a research based pharma co. by 2020

#### **Key strengths**

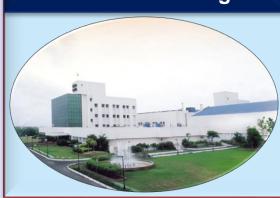

- State-of-the art research facility
- Capability of target identification to preclinical research / early clinical development
- 400+ scientists dedicated for NME research
